

Andy Graverson (Panelist)

Principal Architect – Asset Management Solutions Application Security and Performance | DST Systems, Inc.

Bio

Andy Graverson currently leads a team dedicated to the security and performance of all client facing solutions within DST's Asset Management Solutions division. In addition to owning the application side of security, he worked directly with the Enterprise Information Security Team to coordinate all security issues across the DST Enterprise.

In his 13 years of experience, Andy have worked in the ecommerce, healthcare, and financial services fields; in various roles, including:

- IT Support
- Software Development
- Dev Ops
- Load and Performance
- Application Support
- Application Security

He graduated Cum Laude from Missouri State University in 2003 with a BS in Computer Information Systems.
